

SILVERBACK LEARNING SOLUTIONS

AUGUST 2020

EdifyAssess – Approved by the Ohio Department of Education- High-Quality Student Data.

Silverback Learning in partnership with CF Education Solutions are excited to announce the approval of edifyAssess from the Ohio Department of Education. EdifyAssess can be used for your High-Quality Student Data (HQSD) needs for the 20-21 school year.

As an ODE-Qualified source of HQSD, edifyAssess gives your teachers the resources they need to build world-class, standards-aligned assessments while actively capturing classroom growth data that can be used in the Ohio Teacher Evaluation System.

EdifyAssess is a comprehensive cloud-based platform that can manage all aspects of an organization's instructional assessment program – from item creation through testing administration to sophisticated data analytics of student responses.

Its scalability and security features make it the ideal solution for everything from day-to-day formative classroom assessments to large-scale district-wide testing, and the automatic data collection and analysis features seamlessly translate student results into actionable insights for building and district leaders.
